

# Denver Area Net List

Please help keep this Denver area ham radio net listing up to date. Send corrections to [qrz@rmrl.org](mailto:qrz@rmrl.org) (<mailto:qrz@rmrl.org>).

Members of the Rocky Mountain Radio League (RMRL) have benefits. Membership will give you the authorization codes to connect to IRLP nets from around the world (<http://www.irlp.net/>). (Be sure to ask if the frequency is in use (<http://rmrl.org/rl/rmrl-repeaters/internet-connectivity/>) before connecting.) See the Home page (<http://rmrl.org/rl/>) for nets held on the RMRL repeaters.

Day	Time	Net	Frequency	PL	Notes
Daily	0630	Colorado Weather Net	146.940-	103.5	HF on 3.945MHz And 3.989 on HF. This net has been sanctioned by the National Weather Service. On the air since 1955, dedicated hams with good weather equipment track Colorado's volatile weather as a public service ( <a href="http://www.5280weather.com/">http://www.5280weather.com/</a> ). New volunteers welcome.
